General Instructions

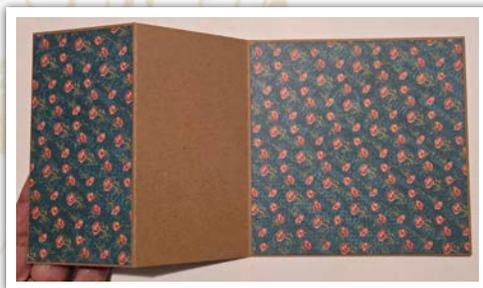

These cards feature a Triple Z-fold with different heights, giving them volume. The next step is for all the cards you will be creating.

1. Take the card-stock for the cards and score 2 lines as shown. The top section of the cards is folded by the middle.

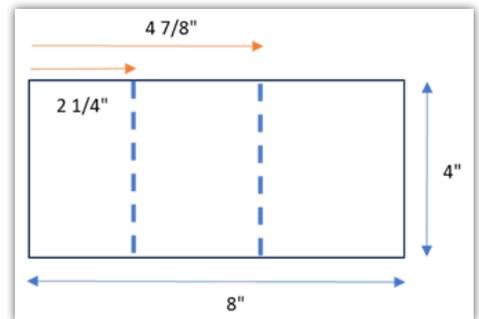

~ Card No. 1

1. Cut a 2½" x 5⅓" piece of *Field of Poppies* paper (back) and add it to the left section of the card. Cut

5⅓" x 5⅓" piece of *Field of Poppies* (back) and add it to the right section of the card.

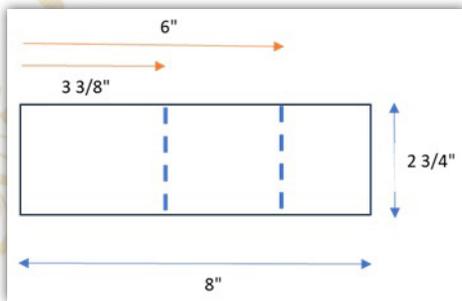

2. Cut an 8" x 4" piece of *You Were There All Along* and score two lines as shown, fold this piece as shown. Add the 3⅓" section

to the right section of the card leaving 1⅝" from the right edge and centered between the upper and bottom edges. Fold the left section of the card and add the 2¼" section of this piece to the left section of the card.

3. Cut an 8" x 2 3/4" piece of *Wonder of Oz* (back) and score two lines as shown, fold this piece as shown. Add the 2" section to the

right section of the card leaving 7/8" from the right edge and centered between the upper and bottom edges. Fold the left section of the card and add the 3 3/8" section of this piece to the left section of the card. We now have a triple Z fold card.

4. Cut a 5 1/8" x 5 1/8" piece of *Poppies Red Pattern & Solid*, trim a frame with 3/4" borders and add it to the back of the card.

5. Apply the rub-on elements shown inside the frame. This is my suggestion, but you may add the elements you prefer.

6. Now we are going to decorate the card. Add the *Poppies* and the Quote "Somewhere over the Rainbow...", then add the big Alice to the left section.

7. Add the Ephemera card shown (Over the Rainbow paper) to the right section of the card.

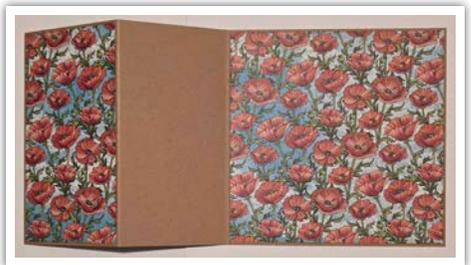

8. For the envelope cut a 5 1/4" x 1 3/4" piece of *Poppies Red Pattern & Solid*, trim the lateral edges to fit

in the flap and add it. Trim 1 1/8" x 5 1/4" piece of *Poppies Red Pattern & Solid* and add it to the left edge of the front of the envelope, finally, add the round ephemera.

upper and bottom edges. Fold the left section of the card and add the $3\frac{3}{8}$ " section of this piece to the left section of the card. We got a triple Z fold card.
